Mr. John Maury
Central Intelligence Agency
Legislative Counsel
Washington, D. C. 20505

Dear Mr. Maury:

The Washington Offices of the Council of State Governments, the National Governors' Conference, and the National Legislative Conference, operating as a joint entity, have requested assistance in developing legislative proposals for consideration by the State legislatures in their 1974 sessions. For over thirty years this service has been requested of Federal agencies by the States.

Coordination of this program is carried on by the Office of Management and Budget. Any proposals for State legislation which your agency may wish to have circulated among the State legislatures by this procedures should be forwarded to the Office of Management and Budget. This Office will request the comments of other interested Federal agencies, advise you of the relationship of your proposal to the program of the President, and when appropriate, forward the idea to the Committee on Suggested State Legislation, Council of State Governments. The Council's Committee proposals will be circulated among State legislatures at their next sessions.

In some instances, legislative proposals emanating from State Governments and elsewhere will be submitted to Federal Agencies for appropriate comment through the Office of Management and Budget.

In order to facilitate and expedite the procedure for bringing Federal concerns to the attention of State legislative bodies, your attention is invited to the

Cumulative Index to Suggested State Legislation, 1941-1973, which replaces all previous index sources.

It will not be necessary to resubmit items previously given circulation unless there is a significant change in the situation. Your suggestions should be submitted to the Office of Management and Budget by March 19, 1973, to permit time for coordination with other Federal agencies and consideration by the Committee prior to its 1973 meeting.

The legislation contained in the annual Program of Suggested State Legislation is an over-all State Government document which represents the suggestions of the Committee to their colleagues in the State legislatures. In order for the Committee on Suggested State Legislation to consider the proposals adequately, wherever possible, each proposal should be submitted in the form of a legislative draft if it is susceptible to this treatment. Otherwise, it should be submitted as a draft statement setting forth the problem and outlining approaches to its solution. We would appreciate receiving eight copies of the draft and each accompanying explanatory statement. (At a later date, it will be necessary to furnish copies of each proposal to the Council Committee for its consideration, and it would be advisable to retain the duplicating plates if they have been prepared.) In order to assure full attention for your suggestions, it is essential that the March 19, 1973, submittal date be observed.

We are further informed that special arrangements will be made to facilitate consideration of proposals contingent upon congressional action which may be taken after that date. These should be prepared by you and sent along as soon as possible. It would be helpful if you anticipate making such later proposals to inform us and give as much indication as possible of their substance.

In the event that there are questions concerning this procedure, please communicate with Mr. Thomas J. Graves of the Office of Management and Budget staff (395-3477).

Sincerely,

A handwritten signature in dark ink, appearing to read "Fred Malek". The signature is fluid and cursive, with the first name "Fred" and last name "Malek" clearly distinguishable.

Aside from noting the Committee's outstanding effort here, we have no comment to offer.

There are no State problems unique to CIA. We suffer with the rest of the Federal Agencies from the inconsistent treatment of annuities for tax purposes, etc.
